EDUCATION

University of Zagreb, Faculty of Electrical Engineering and Computing, Croatia   **Oct 2022 – present**
- Title - *Pursuing Master of Science in Computing*
- Relevant courses: *Machine Learning, Text Analysis and Retrieval, Multivariate Data Analysis, Introduction to Data Science, Neural Networks, Statistical Data Analysis*

University of Aveiro, Department of telecommunication and informatics, Portugal   Feb 2024 – Jul 2024
- *Erasmus+ exchange*
- Relevant courses: *Mining Large Scale Datasets, 3D Animation and Modelling, Game Narrative Design*

University of Zagreb, Faculty of Electrical Engineering and Computing, Croatia   Oct 2019 – Jun 2022
- Title - *Bachelor of science in computing*
- Thesis - *Predicting stock prices using neural networks*
- Relevant courses: *Introduction to Programming, Object Oriented Programming, Algorithms and Data Structures, Software Engineering, Databases, Software Engineering, Introduction to Artificial Intelligence, Computer Security, Linux*

High school – Opća Gimnazija Sesvete   Sep 2015 – Jun 2019
- Worked on an Arduino noise pollution project in the first year of high school
- Took a Java Academy course in senior year

PROJECTS AND PAPERS

Generating music using LSTM network – paper for *Neural Networks* course   Nov 2023 – Jan 2023

NLP rumor evaluation of Tweets – paper for *Text Analysis and Retrieval* course   Feb 2023 – May 2023

Research paper on music recommendation systems using machine learning methods   Feb 2023 – May 2023

Final BSc thesis - *Predicting stock prices using neural networks*   Feb 2022 – Jun 2022

Team Lead at FER, Zagreb, Croatia   Oct 2021 – Feb 2022
- Managed a team of 5 students in Project course
  (visual implementation of NN, CGP, GP algorithms)

Video game sales analysis / March madness basketball prediction   Oct 2021 – Feb 2022
- Statistical analysis of video game sales as a project for *Statistical Analysis* course
- March madness basketball prediction using machine learning methods for *Introduction to Data Science* course

Social network web application for *Software Engineering* course　　　　　　　　Oct 2021 – Feb 2022
- *Spring Boot* backend and *React.js* frontend

TECHNICAL SKILLS
